

# Jimi Hendrix Experience, Come Down Hard On Me

Come on down hard on me baby  
Come on down hard as you can  
Come on down hard on me baby  
Lord, come on down hard as you can  
Come on down hard on me baby  
Show me that I'm your lover man

Come on down hard juicy  
Turn me into jelly bread  
Bring that love down hard on me baby  
Rock me, rock me right through the bed  
Come on down hard on me baby  
Please show me I'm your lover man

I want to love you so much 'til I hope we can make it  
I want to love you so much 'til I hope I don't break it  
I want to love you so much 'til I can't stand it  
I want to love you so strong 'til you've got to say you've had it  
Yeah
