

# Jimmys Chicken Shack, Sitting With The Dog

Well I take each step very carefully  
And I will make no decision now  
And these are the right words to say  
Are there all the right words to say  
Just get up or be on your way  
But you're sitting with the dog  
I follow a backwards god  
Sitting with the dog, I follow a backward god  
Sitting with the dog, I follow a backward god  
Sitting with the dog, I follow a backward god  
I'm dumb and I'm ugly and I am uncreative  
Dumb and ugly and uncreative  
And these are the right words to say  
Are these all the right words to say  
Just get up and get out of my way  
But you're sitting with the dog  
I follow a backwards god  
Sitting with the dog, I follow a backward god  
Sitting with the dog, I follow a backward god  
Sitting with the dog, I follow a backward god  
Here's to another breath  
For the hole in the sky (x3)  
Here's to another breath  
And we're sitting with the dog  
Sitting with the dog  
Like a bump upside a log  
Yeah I'm sitting with the dog
