

Jimmys Chicken Shack, String Of Pearls

She wanna string of pearls
All I got her was a necklace
Made of flowers from the trash can
Yeah while I'm at it guess I'll take another bath, man
She wanna make me pay for it
Holdin' steady gaining on last place
And the record's out
Another stupid craze
And in a moment's notice
We'll be ready for the next new phase
All I got her was a necklace
She wanna string of pearls
She's gonna make me pay for it
I start to sing and cry and then
Made of flowers from the trash can
It makes me laugh, man
Yeah we've all got doubts
And in a moment's notice
Might not be winning but still in the race
We'll be ready for her next new phase
It might be hard to sell
Still never in giving
Have I given... So deep...oh, well
Will you give it all to me when you're dead
To settle your broken-hearted head
You can keep the scent on my pillow
Will you think of me when you die
Moment's notice
Holding steady

Again she left with my heart in hand
Yeah she's lied before
She says she hates me
Again it's time to play me
That same sad melodic score
Yeah it just adds up
I wrote another one
Does this one count
And did cost as much as all the other ones
So much more...
She wanna string of pearls
All I got her was a necklace
Made of flowers from the trash can
She wanna make me pay for it
And while I'm at it guess I'll take
Another bath man
Holding steady gaining on last place
Yeah the record's out
And in a moment's notice
So I state my case
We'll be ready for her next new phase
Would you want a string of pearls
'Cause all I got you was a necklace
Made of flowers, made of flowers from a trash can
I think it's worth so much more
And she wanna string of pearls
Ain't that enough, ma'am?
