

# Jimmy Barnes, Lover Lover

It's been a long time baby  
I just got to thinkin maybe  
You would come and meet me halfway  
And we could get it on together  
Cos I can't wait to see you baby  
When I think of how you touch me

Lover Lover  
Come to me  
Lover of my fantasy  
Lover Lover  
Come to me  
Come to me and be with me tonight  
Woah woah

Thought that I could live without you  
Live without your heart be only  
Oh your breath beside my body  
But I miss you by my side

Lover Lover  
Set me free  
Lover of my fantasy  
Set me free  
Come with me and be with me tonight  
Yeah yeah yeah

So move it because time's a-wastin  
It's killin me anticipatin  
Now don't you keep me here a-waitin  
I'm hangin on my own again now

Lover Lover  
I said set me free  
Lover Lover  
You're my fantasy

Lover Lover  
Set me free  
Lover of my fantasy  
Lover Lover  
Set me free  
Come to me and be with me now  
Lover Lover  
Oh won't you set me free  
Lover Lover  
Oh you're my fantasy  
etc...
