

Jimmy Barnes, Lover Lover

It's been a long time baby
I just got to thinkin maybe
You would come and meet me halfway
And we could get it on together
Cos I can't wait to see you baby
When I think of how you touch me

Lover Lover
Come to me
Lover of my fantasy
Lover Lover
Come to me
Come to me and be with me tonight
Woah woah

Thought that I could live without you
Live without your heart be only
Oh your breath beside my body
But I miss you by my side

Lover Lover
Set me free
Lover of my fantasy
Set me free
Come with me and be with me tonight
Yeah yeah yeah

So move it because time's a-wastin
It's killin me anticipatin
Now don't you keep me here a-waitin
I'm hangin on my own again now

Lover Lover
I said set me free
Lover Lover
You're my fantasy

Lover Lover
Set me free
Lover of my fantasy
Lover Lover
Set me free
Come to me and be with me now
Lover Lover
Oh won't you set me free
Lover Lover
Oh you're my fantasy
etc...
