

Jimmy Cozier, She's All I Got

[Verse:1]

I wanna Tell yall about my old lady
sometimes I think she's really crazy
she blacks out at the drop of a dime
but she's still my baby

she likes to get into confrentations with me testing my patients to see how far she can go before
I lose my head

Chorus: Sometimes I love her Somtimes I love her not I aint letting her go cause she's all I got
although she nags me and complains alot I aint letting her go

no, no ,no

[Verse:2]

The Next minute she could be sweet as ever grinnin' from ear to ear thats why were together what
could make her change so fast" It's very confusing

Many times I felt like up and leaving oh girl but Im way to deep in love with her as crazy as she
is I want her to have my kids

[Chorus]

[Verse 3]

With her I have grown
With her home is home
I would never turn my back
on my baby I can't do that

[Chorus 3x]
