

Jimmy Dean, Hello Mr. Blues

Hello Mr Blues it's me again
Spendin' nights alone no love to call my own
Remember me Mr Blue I've been here before
My heart's been kicked around can't take much more

Don't tell me Mr Blues that she's to blame
I don't care who are wright or wrong
I just know that she's the one for me
And she's gone Mr Blues she's gone
[fiddle]
Don't tell me Mr Blues that she's to blame...
