

Jimmy Dean, Losing Game

I played the losing game when I fell in love with you
Held a losing hand when you told me we were through
Played the losing game when I gave my heart to you
I played it wrong when I fell in love with you

For me the sun will shine no more darkness from now on
I never failed to get the blues whenever you are gone
I played the losing game when I gave my heart to you
I played it wrong when I fell in love with you
[guitar]
For me the sun will shine no more...
