

Jimmy Dean, Mind Your Own Business

If the wife and I are fussin' brother that's our right
Cause me and that sweet woman's got a licence to fight
Why don't you mind your own business (mind your own business)
I said mind your own business (mind your own business)
If you mind your own business then you won't be mindin' mine
Now the woman on our party line's a nosey thing
She picks up her receiver when she knows it's my ring
Why don't you mind your own business (mind your own business)
Hey mind your own business (mind your own business)
I said if you mind your own business then you won't be mindin' mine
[harmonica]

Well I got a little gal that wears her hair up high
The fellers all whistle when she walks by
Why don't you mind your own business (mind your own business)
Yeah mind your own business (mind your own business)
Oh if you mind your own business then you won't be mindin' mine
If I wanna honky tonkin' round till two or three
Brother that's my headache don't you worry bout me
Why don't you mind your own business (mind your own business)
Hey mind your own business (mind your own business)
I said if you mind your own business then you won't be mindin' mine
[organ]

Well I tell a lot of stories that may not be true
But I can get to heaven just as quick as you
So mind your own business (mind your own business)
Hey mind your own business (mind your own business)
Cause if you mind your own business then you won't be mindin' mine
Mindin' other people's business seems to be hightone
But I got all that I can do just midin' my own
Why don't you mind your own business (mind your own business)
Hey mind your own business (mind your own business)
If you mind your own business then you won't be mindin' mine
