

# Jimmy Dean, Too Many Times

Too many times you've broken my heart too many times you said we must part  
Each time you left me heart broken and then  
Each time you'd say let's be sweethearts again  
But too many times you sent me away this time's the last time and this time I'll stay  
For if we'd never part you'll keep breaking my heart  
And you've done it too many times  
Yeah too many times you sent me away...  
You've done it too many times
