

Jimmy Dean, True Love's A Blessing

True love's a blessing true love's a wonderful blessing
True love's a blessing wait and see
When you found a right girl you found the pricest pearl
True love's a blessing yes siree

Some girls love for money some make love a game
Some girls use their love a stepping stones to fame
There are many kinds of love in this great big world
But there's no love like a love of a true blue girl
True love's a blessing...

Some girls take their love too casually they flirt
Some girls use their love to break a heart to hurt
There are many kinds of love to be found that's true
But there's no love like a love I found when I found you
True love's a blessing...
True love's a blessing...
One more time true love's a blessing...
