

Jimmy Eat World, Caveman

A monster lives in your backyard.
the 2x4's are making their way around.
the big get bigger when the fight's done.
i found that secret door.
a man with a shovel's gonna dig deep down to find out where it feeds.
a house.
a catalog full of nothing good.
the white house ponders no remorse.
the big get bigger when the fight's done.
i found that secret door.
a man with a shovel's gonna dig deep down to find out where it feeds.
a house.
it seems like a drag to be torn apart by unexpected hands.
it's in your name it's in your face i'm wrong again.
