Jimmy Eat World, Caveman

A monster lives in your backyard.

the 2x4's are making their way around.

the big get bigger when the fight's done.

i found that secret door.

a man with a shovel's gonna dig deep down to find out where it feeds. a house.

a catalog full of nothing good.

the white house ponders no remourse.

the big get bigger when the fight's done.

i found that secret door.

a man with a shovel's gonna dig deep down to find out where it feeds. a house.

it seems like a drag to be torn apart by unexpected hands.

it's in your name it's in your face i'm wrong again.
