

# Jimmy Eat World, Chachi

Take me clear up.  
Toss me off the tower that is 40 stories tall.  
So I'm plastered to the floor.  
I must confess, I'm not impressed with your everlasting line.  
Take draw, take a look now.  
Watch me melt, from man to a boy  
and I'm always on the honor society.  
With everything and anything around but no attention drawn.  
Make me.  
I'm just curious to how and why we shouldn't be amazed.  
(so don't ask why)  
Tucked in slick back heart attack, yet no one seems to care.  
Take me clear up.  
Toss me off the tower that is 40 stories tall.  
So I'm plastered to the floor.  
I must confess, I'm not impressed with your everlasting line.  
Seen expiration come to effect ventilation.  
Make me sweet thing.  
(so don't ask why)  
Goodbye
