

# Jimmy Eat World, Feeling Lucky

There's a chance  
One of us will give in soon  
I could ask  
But what's an answer gonna prove?

When I try to get mad  
But the fever drops  
My heart can't break  
'Cause the beating stops  
You suck that lucky feeling right out of me

Want a laugh?  
Take a look around the room  
It's a dance  
Tired steps in brand new shoes

I can only take a guess  
What the morning brings  
If it feels too good  
Then it probably is  
You suck that lucky feeling right out of me

I follow your sign where it leads  
I go  
But you turn your back so easily  
It tells me everything I need, yeah

Waiting on the line  
To move a foot, yeah  
Wasting my life  
On nothing good  
You suck that lucky feeling right out of me

I should act  
Tie it down or cut you loose  
It's a trap  
Any direction I move

When I try to sing along  
The needle skips  
I huff and then I puff  
But the house is brick  
You suck that lucky feeling right out of me  
Yeah, you suck that lucky feeling right out of me  
Yeah, yeah, you suck that lucky feeling right out of me  
Yeah
