

Jimmy Eat World, Jenny

Jen, don't be scared, no don't be shy
You used to do this all the time
You know it, Jen
Jen, we could be happy now
So jet across the coast and country

Jen, and sometimes Jennifer
You think for too long then your chance is gone
The choice we're meant to make
Is one we'll never take
All you have to do is say

Jen, no don't be scared, don't be shy
You know you used to do this all the time
Yeah, yeah, you know it Jen
It's you and me
What could that mean?
You can't pretend we're only friends then walk away

Jen, I think you're tryin just a little hard
Acting like something that you're not
Jen, I wanna make you feel the way you should
You have to let things go to keep them close
What we do today
Already has an end
It's anything but a mistake

Jen, don't be scared no, don't be shy
We used to do this all the time
yeah, yeah, you know it Jen
it's you and me what could that mean?
We can't pretend we're only friends
then walk away.

No one's looking now
Take a chance come now
You could do anything you want.

Jen, put your arms around someone soft
Take it as it comes, trust your heart
Trust me, you know it Jen.

Put your arms around someone soft
Take it as it comes, trust your heart
Trust me, you know it Jen.

Put your arms around someone soft
Take it as it comes, trust your heart
Trust me, trust you heart, trust me
you know it Jen.
