Jimmy Eat World, Rockstar

Where you're hiding, the shine off the wall.

Stop giving it up now cause you're gonna find yourself a mastermind in time.

Rockstar, what's mine is yours.

Rockstar, you're looking good. You're looking to find a fight.

I'm the stranger here you know.

Can't you understand that things always work out my way today.

Rockstar, what's mine is yours.

Rockstar, you're looking good.

You're looking to find a fight.

Rockstar. Rockstar.

Get off my battlefield.

You could not take it back from me.

It's all the way up top.

Cannot take a longer way.

Get off my battlefield.

Could not take it back from you.

It's all the way up top.

Cannot take a longer way.

That's all.

It's all.

Can't fall Away.

Back.
