

# Jimmy Eat World, When I Want

Please let's not get into this tonight  
See it's easy and it's what you like

Don't call me foolish 'cause I'm not  
Just be the lover when I want  
If I'm hated, well, it's not my fault, I swear

Now don't you go, think it's love?  
How did you think that's where I'm coming from?

Don't call me foolish 'cause I'm not  
Just be the lover when I want  
If I'm hated, well, it's not my fault, I swear

I swear  
I swear  
I swear....

Please let's not get into this tonight  
See it's easy and it's what you like

Don't call me foolish 'cause I'm not  
I'll be the lover when I want  
If I'm hated, well, it's not my fault, I swear

Don't call me foolish, girl, I'm not  
Be the lover when I want  
If you hate me, well, it's not my fault, I swear

I swear.....
