

# Jimmy Eat World, Your New Aesthetic (Acoustic)

for your time it's written out  
work means nothing by itself  
selection  
selection kills the old  
selection  
selection breaths on its own  
on its own  
these days are numbered  
i can tell  
so until the crash i'll write it down, down  
selection  
selection kills the old  
selection  
selection breaths on its own  
sing while you can now  
while you can  
sing while you can now  
while you can  
sing while you can now  
while you can  
sing while you can now  
while you can  
selection  
selection  
selection kills the old  
selection  
selection breaths on its own  
on its own
