

Jimmy Fallon, (I Can't Play) Basketball

Yo! Are you ready for some air ball throwin', free throw blowin',
no look where I'm goin', free style flowin'?

You are in my house baby.

Well, It's tip of time, and I'm off the tip

Walkin' to the bench and I sit bite my lip busting out rhymes

Standing in line 'cause it's garbage time.

'Cause I'm calm, I'm cool and I'm collected

Eighteen shots that got rejected.

I'm not Corey Feldman, I'm not Corey Haim

I got a license to drive but I ain't got game

(Chorus)

Jimmy, What'd you say?

You can't play basketball

Jimmy, what'd you say?

You can't play basketball

Wear my socks high, 'cause it makes me feel cool

Don't know how to dribble but I know how to drool

People always say that I'm a basketball fool I got a little

tiny hoop cold "floating" in my pool

Played my friend's dog, on a twenty dollar bet

I took him to the hole, I took him to the vet

Shoot from the three every chance I get

I call it in the air, nothin' but nothin'

(Chorus)

(Talking)

Okay, here's my chance the open lane. Don't get nervous. Don't sweat.

Everyon's watching, you can do it, man.

I mean, just dribble up. Don't double dribble. Just dribble normal.

Don't show everyone that you can dribble super fast between your legs,
like you do in your driveway.

No, this is in front of people on the court.

I'm gonna go up in the air,

I'm gonna dunk it as hard I can.

'Cause usually, I'm on the other end, people dunking on me.

I'm used to some 7 foot dude's "thingy" getting smacked in my face.

I still got the bruise to prove it. But I ain't gonna take that

nickname "Dick Bruiseface" lying down

My name ain't Dick Bruiseface!!

Well listen up y'all, you know I'm not tall

My name was never written on the bathroom wall

I'm gonna say "What's up?"

I'm gonna take the fall

'Cause I'm a moving pick, I'm gonna shoot some bricks

So I huff and puff, I say enough z'nuff

I'd rather watch Ahmad Rashad on the Inside Stuff

(Chorus)

x2

Go airball, go airball, I say airball,

say airball, go airball, go airball, go airball
