

# Jimmy Nail, Calling Out Your Name

what do you do  
when it hurts  
when the kids  
call you names ?  
nobody wants to know you  
they won't let you join in all their games  
and what will you do  
when the man in the moon goes away ?  
and leaves your little world in darkness  
hiding from the night time until the day  
you can come to me,  
I'll know what to do  
and if I don't I'll pretend or I'll lie for you  
but I'll be there for you  
forever  
until the day I die  
right there by your side,  
to keep you safe and warm  
glad to be your shelter from the storm  
yes I'll be there for you  
forever  
until the day I die  
and what will you do when you've grown  
and flown away ?  
where will the four winds take you ?  
will they bring you back to me someday ?  
and what will you do  
when the one that you love breaks your heart ?  
you have to pick up all the pieces  
but you don't know just where to start  
you can come to me,  
I'll know what to do  
and if I don't I'll pretend or I'll lie for you  
but I'll be there for you  
forever  
until the day I die  
right there by your side  
to catch you when you fall  
and put you back together  
whether-with-all  
yes I'll be there for you for always  
until the day I die  
until the day I die  
I'll be there  
until the day I die  
until the day I die  
I promise  
until the day I die
