

Jimmy Nail, Cowboy Dreams

yippi ay oh
love's a silver bullet that blows your world apart
I wanna be remembered as an outlaw honey
the boy who stole your heart
I wanna be the guy who wears the white hat
and rides across the plain I'm gonna be your enigmatic stranger
honey you are lookin' at your Shane
cowboy dreams, cowboy dreams
you give me cowboy dreams
cowboy dreams, cowboy dreams
you give me cowboy dreams
if ever you're in trouble if ever you are down
I'm gonna be the hangin' judge and sherif
gonna ride your troubles out of town
you're lookin' at a mountain you're lookin' at the law
you're lookin' at a six gun legend - fastest on the draw
cowboy dreams, cowboy dreams
you give me cowboy dreams
cowboy dreams, cowboy dreams
you give me cowboy dreams
I can make you happy it's easier than it seems
I'm gonna ambush you at sundown gonna give you cowboys dreams
yippi ay oh - I'm gonna give you cowboy dreams

love's a silver bullet that blows your world apart
I wanna have it written on my tombstone
here lies the boy who stole your heart
yippi ay oh
cowboy dreams
you give me cowboy dreams
