(mumbling)

Heres my heart, Ive seen in the rivers  
I play so hard, for hours in the sun  
been so long, since ive been by the river  
Id take you home now, but your daddys got a gun

Chorus:

Your daddys got a gun, ooh yeah  
Your daddys got a gun  
We're just havin fun, your 16 now so let it come

Fi hi hi hi its underneath the river  
well im gonna try to catch you on my tongue  
We can dance and listen to the river now baby  
Dip your hands and fingers in the mud

Chorus

Fi hi hi hi up underneath the river  
Im gonna try to catch you on my tongue  
Looks alright just hangin by the river now baby  
This still night, we'll go on and on
