

Jin, I Download

This goes out to all my DSL users, cable modems.
No 56k's, ya'll heard?

I download music
I don't buy music
No way jose, unless it's my music
I aint been in the record store in a minute
My ipod got like a million songs in it/

Last time I bought a CD was in 89'
Aight, I'm lyin'
But, yo, it's been a long time.
Nowadays, I just go online
See what I like, right click, and that song's mine.
It aint the fact I wana see the artist cryin,
There is just not even coming out worth buying.
If I hear a song on the radio, that I like
I make sure I log on later in the night.
Limewire, bearshare, maybe kazaa,
I type it in and click search and haha!
There you are!
Aint no escaping, if you try
Cuz' my modem is quicker than a blink of an eye.
Illegal downloadin' is a criminal offense.
Aint saying I do it,
I just say that's how it went.
Rappers swear their shit is hot
But I wont spend a cent,
You aint getting my twelve dollars until I'm fully convinced.

My Itunes account, shit, I never use it
I just use my itunes to store all of my music.
Remember before the internet was here,
Before CD's when cassettes was all you hear.
Had to switch from A side to B side,
Now all you gotta do is your MP3's ride.
But it's not just the computer nerds doin it
Leaving it up to bootleggers to ruin it.
I use to love the feelin,
Rushing to the store,
Picking up a CD that no body heard before.
To all you rappers your hard work is through
The Chinaman, The Africans is got your art work too.
Killing any anticipation you might of built
Listen clown, mess around and you might get killed
I bet you, you believe I'm hot
When I a get album number of the month, months before my album even dropped

See, I aint trying to be labeled as a thief
I'm just picky with my music, plus I'm kinda cheap.
Don't worry about what I do on my first week,
I just listen to the rhymes and appreciate the beats.
I'm trying to have a smash from the net to the streets
without snapping my fingers or stomping my feet.
That stuff is great, but I'm just not able
To do the same thing I'm trying to bring something different to the table.
Last week my PC damn near exploded,
Cuz from some bullshit I accidentally I downloaded.
I'm not hating
I just don't like trash, damn it.
And if yourself is trash, that's exactly where I drag it.
Right in the trash bin,
Cuz you are a has been'.
Delete you off from my hard drive. Hey, that's Jin
Next time you see me on MTV
Shout out to my homeboy, waddup MP3!
