Boy made of dread poaches from the river
His eyes are rimmed with lead, heart is made of silver
Rays of love shine on, rays of life shine on
Girl made of hope poaches from the river
Her eyes are lost in hope, heart is made of silver
Rays of love shine on, rays of hope shine on
Boy made of dread poaches from the river
His eyes are rimmed with lead, heart is made of silver
Take love to you
Oh life to me
Love in my heart, poaches from the river
Heart in my love takes me home the real way
Smile in my love takes me home on further
Here in my heart takes me home away
Sad love to you, all love to you
Sad love to you, sad me, sad love
