

Jo Dee Messina, A Joyful Noise

Somethin' 'bout the season
Puts my heart in my throat
Puts a light in my eye
Fills me with hope
There's so many reasons
For the smile on my face
I can't keep from singin'
When I'm feeling this way

Make a joyful noise
Send it out across the sky tonight
Send it racin' through the cool starlight (starlight)
Let it fall on Heaven's ears

Sing a song of peace
A song of all the gifts that peace can bring
Make a joyful noise and let it ring
For all the world to hear.

Somethin' 'bout December
Gets me thinking of the past
How the child that I was
Grew up so fast
But I still remember getting caught in the thrill
In the magic of the season, and I know I always will

Make a joyful noise
Send it out across the sky tonight
Send it racin' through the cool starlight
Let it fall on Heaven's ears (on heaven's ears)

Sing a song of peace (song of peace)
A song of all the gifts that peace can bring
Make a joyful noise and let it ring (let it ring)
For all the world to hear

Ohhh make a joyful noise
Send it out (send it out) across the sky tonight (tonight)
Make a joyful noise and let it ring
For all the world to hear (the world to hear)
Yeah, just let it ring
For all the world to hear
