

# Jo Dee Messina, Dare To Dream

(Adrienne Follese?Jane Bach)

You and me baby, can meet for the weekend  
To solidify our plans  
We'll follow a jet stream to some place exotic  
All in the name of romance...  
Cause

We're still young and in love  
And we just believe  
we can be strong and do anything  
If we dare to dream

We'll find a cliff by the ocean  
And pay a couple months rent  
I'll sell my paintings down by the boardwalk  
So we'll have enough money to spend...

Dare to dream take it to the extreme  
Let your heart and soul lead the way  
Live, love, seize the day and  
Dare to dream, dare to dream, dare to dream

Don't try to stop us, don't tell us we're crazy  
you're only wasting your breath  
we're bound to make and determined to make it all happen  
It's just a matter of when  
Cause

Dare to dream, take it to the extreme  
Let your heart and soul lead the way  
Live, love, seize the day and  
Dare to dream, dare to dream, dare to dream
