

Joan Armatrading, Did I Make You Up

I've been searching for so long
I've been searching for so long
You took control
You made me feel
As if I could
You made me feel
As if I would
You made me feel
As I really should
Do anything

Did I live before
You came upon the scene
Did I make you up
Or are you just a dream
Can you make this feeling last
Can you make this feeling last

I've been searching for so long
I've been searching for so long
My forever man
When you look into my eyes
Did I make you up
Or are you just a dream
Can you make this feeling last
Can you make this feeling last

You took control
You made me feel
As if I could
You made me feel
As if I would
You made me feel
As I really should
Do anything

Did I make you up
Did I make you up
Did I make you up
Or are you just a dream

I've been searching for so long
I've been searching for so long
