

# Joan Armatrading, Foolish Pride

I've been a coward  
And I've run away  
But I'll be a hero today  
It's caution to the wind  
This time I will be satisfied  
I'll keep on going  
And forget my pride  
Forget my foolish pride

It's important  
Take it seriously  
Don't turn away  
No don't turn  
I'm showing all my hand  
Say yes  
And we can hug and kiss  
Say no  
But it won't stay like this  
Forget your foolish pride

Say yes  
And we can hug and kiss  
Say no  
But it won't stay like this  
Forget your foolish pride

I've been a fool  
I can see it now  
But I'll be a wise man today  
No grass under my feet  
This time we're gonna get it right  
A stupid quarrel  
Won't upset our lives  
Forget this foolish pride
