

# Joan Armatrading, Join The Boys

Are you for or against us  
We are trying to get somewhere  
Looking around for a helping hand

We're doing our best to keep it steady  
But it's falling down around us  
Blows keep coming fast and strong

I done found another fellow  
He agrees with my direction  
Arms around each others shoulders we go everywhere

Are you in, are you out  
Are you in, are you out  
Are you in, are you out  
Are you in, are you out  
Do you care to dance about and shout  
Join Jack and the boys  
Be in a band  
Doing a one night stand

We'll be dancing in the floodlight  
Second to none  
Not even on a bad night  
Dancing in the floodlight  
Second to none  
Not even on a bad night

We'll succeed where others failed  
Stay together many years  
And watch us take the world by storm

Are you in, are you out  
Do you care to dance about and shout  
Join Jack and the boys  
Be in a band  
Doing the one night stands
