

Joan Armatrading, Songs

If I'm feeling down
If I'm ever low
I just think of you
And the songs

Filled with lots of meaning
With everything I need
Spiritually healing
Words that comfort

You told me that you cared
You'd be there for me
Whenever I need
When you're far away and I need you hmm
The songs can bring you closer

[Chorus:]
If I'm ever down
If I'm feeling low I just think of you
And the songs

The ones tht make me wonder
Will it be that good again
They inspire me to try
Oooo

Songs that let the past
Flood into my mind
Take me to the place
That we left
It's such a strange sensation
To live that time again
Songs can save you
They can break you
Set you crying

[Chorus]

A long time ago

[Chorus]
