## Joan Armatrading, What Do You Want

What do you want What do you want You're messing up everybody else By being so cool What is it you need What is it mmm You confuse a lot of people's minds By being undecided

Said you loved me once The way you made me feel Now why does it hurt so bad Oh baby please don't go I'm begging you to stay You know that break up Is so sad

Where do you go Who do you now There's a face I can't recall And I'm wary of most strangers Am I the fool Have you blinded me You're breaking up a heart So bad but the bruise Draws out real slow

Said you loved me once The way you made me feel Now why does it hurt so bad Oh baby please don't go I'm begging you to stay You know that break up Is so sad Oh baby please don't go
