## Joan Jett And The Blackhearts, Little Liar

(Joan Jett/Desmond Child)

I was taught to never tell a lie To look you in the eye and tell it like it is Always thought that you would be the same It's such a shame that's not the way it is

I was fooled by your innocence And my love for you was so intense With our connection only physical If it got me through the night Well that's a lie

Hey little liar I believed in you Hey little liar I believed in you Hey little liar I believed in you oh

A simple question makes you look away Your hesitation gives it all away There's some protection in the way you move If there's sadness in my eyes It's coming from your lies

Hey little liar I believed in you Hey little liar I believed in you Hey little liar I believed in you I believed in you

You want to sleep with me but payback's tough Why don't you call me when you're all grown up If there's a change in you I'll know it's true Hey little liar I believed in you

Hey little liar I believed in you Hey little liar I believed in you Hey little liar I believed in you Hey little liar I believed in you Hey little liar I believed in you Hey little liar I believed in you Hey little liar I believed in you Hey little liar I believed in you Hey little liar Hey little liar Hey little liar
