

Joan Osborne, Help Me

You gotta help me baby, I can't do it all by myself (repeat 2x)
If you don't help me daddy
Gotta find somebody else
Put on your nightshirt baby, hand me my morning gown (repeat 2x)
Don't feel sleepy
I just feel like lyin' down
Gotta help me baby, help me baby
Can't do it all by myself
If you don't help me daddy
Gotta find somebody else
Oooh, be quiet, be quiet, be quiet...
You gotta help me baby, gotta help me baby
Help me baby (repeat 2x)
Oooh, oooh, oooh...
Just want a little lovin' before you pass away (repeat 2x)
Don't help me daddy, I'm gonna find somebody else...
