i just want to dedicate this song
to all the lovers in the world tonight
and i expect that to be the whole world
because everyone needs someone or something to love
(laughs)

when it's cold outside girl who are you holding?
you'll be holding me
well 5x's
(laughs)

she's always complaining about the things she ain't got
and the things that her girlfriend's got

until tonight
when skeletons come out of your closet
