## Jodi Benson, Somewhere Out There

Somewhere out there Beneath the pale blue night Someone's thinking of me And loving me tonight

Somewhere out there Someone's saying a prayer That we'll find one another In that big somewhere out there

And even though I know how very far apart we are It helps to think we might be wishing On the same bright star

And when the night wind starts to sing a lonesome lullaby It helps to think we're sleeping Underneath the same big sky

Somewhere out there
If love can see us through
Then we'll be together
Somewhere out there
Out where dreams come true

And even though I know how very far apart we are It helps to think we might be wishing On the same bright star

And when the night wind starts to sing a lonesome lullaby It helps to think we're sleeping Underneath the same big sky

Somewhere out there
If love can see us through
Then we'll be together
Somewhere out there
Out where dreams come true
