

Jodi Benson, With A Smile And A Song

With a smile and a song
Life is just a bright sunny day
Your cares fade away and your heart is young
With a smile and a song
All the world seems to wake in a new rejoycing with you
As the song is sung

There's no use in grumbling when raindrops come tumbling
Remember you're the one
You can feel the world with sunshine
When you smile and you sing
Everything is in tune and in spring and life flows along
With a smile and a song

And life flows along
With a smile and a song
