

# Jody Miller, Be My Baby

Tonight we met I knew I needed you so  
And if I had the chance I never let you go  
So won't you say you love me I'll make you so proud of me  
We'll make 'em turn their heads every place we go  
So won't you please be my little baby say you'll be my darling  
Be my baby now ooh

I'll make you happy baby just wait and see  
For every kiss you give me I'll give you three  
Cause since the day I saw you I have been waiting for you  
You know I will wait for you till eternity  
So won't you please be my little baby say you'll be my darling  
Be my baby now  
[ guitar ]  
So won't you say you love me...
