

# Jody Miller, Make Me Your Kind Of Woman

I'm not the first to tell you that I need you I keep waitin' and i try to understand  
Love's one thing they don't have that I can give you  
And I love you every day the best I can  
Take me and make me your kind of woman teach me lovin' words I need to say  
Take my hand and guide me stay here close beside me  
And I'll be the kind of woman who can keep your kind of man satisfied

You run around and look out for something different  
But now you're home and I'm gonna treat you right  
I'll learn all the ways if you'll just show me you're gonna see a change in me tonight  
Take me and make me...  
And I'll be the kind of woman who can keep your kind of man satisfied
