

# Jody Watley, I'm The One You Need

I've been around for quite some time  
patiently waiting for you to settle down  
But my patience is starting to wear very thin  
from stories of your women time and time again

Bridge:

So don't take my love for granted  
or you might lose a good thing  
I'm trying to do the best I can for you  
And when you stop playing around  
You'll really know it's true

Chorus:

That I'm the one you need baby  
I'm the one you need baby  
If you look inside your heart  
You'll really it's true  
That I'm the one you need baby

'Cause I care for you  
I live for you

I'm not out to get your money  
'Cause I buy my own clothes and I pay my own rent  
All I want from you is love and affection  
That'll keep us moving in the right direction

Repeat Bridge  
Repeat Chorus

'Cause I care for you  
I live for you  
I'd die for you  
I'm the one you need baby  
Yeah, I'm the one you need  
I'm the one
