

# Joe Brooks, I got You

Open my eyes, its morning the sun shines bright,  
Its blinding my fears, away yeah  
I aint got time for stalling my minds made up,  
Theres only one way to be.  
Cos Ive got you,  
And well youve got me,  
One heart we beat,  
Everything I need, oh  
Ive got you yeeh  
Singing, Ive got you yeah  
Bare feet, falling waves, we see sand for miles and miles,  
Like the calming tone of this endless night, you sigh  
Isnt life just wonderful  
Isnt life just beautiful  
Cos Ive got you,  
And well youve got me,  
One heart we beat,  
Everything I need, oh  
Ive got you yeeh  
And life is beautiful  
Singing, Ive got you.  
And life is wonderful.  
Singing, Ive got you.  
And life is beautiful  
...  
Ive got you
