

# Joe Diffie, Honky Tonk Attitude

Well the beer's on the bar and the smoke fills the air  
And there's a fool in every corner man I just don't care  
Tight pants, line dance, stetson hats and cowboy boots  
They got a Friday night, get right, honky tonk attitude

Well the waitress never leaves you with a half-empty glass  
And every girl's on the dance floor shakin' her... well  
It's a two step, three step, outta step, country mood  
They got a Friday night, get right, honky tonk attitude

Well now everybody knows that's where everybody goes  
Just to dance away their blues  
So leave your cares behind, it's just a state of mind  
What have you got to lose

Hey bartender pour us another round,  
We're just gettin' started don't shut us down  
We need a slow dance, romanced, last chance rendezvous  
We need a Friday night, get right, honky tonk attitude

If you've got a Friday night, get right, honky tonk attitude  
Yeah you need a Friday night, get right, honky tonk attitude
