

Joe Dolan, I'll Give All My Love To You

Only the love, I dream of
Can give me love when I need it
Only a love strong enough
Will go on and on forever
I need someone only one
To give me love so true
Will you my love be my love
I'll give all my love to you.

Chorus:
I'll give all my love to you
All I ask is that you love me too
Be my woman won't you say I do
When your heart is true

I'll give all my love to you

Only a heart makes a home
Hear me knocking at your door
Only a heart made of stone
Could keep me out here in the cold
Come with me I promise you
Life will never be the same
Will you my love Be my love
I'll give all my love to you

Repeat Chorus
