

Joe Ely, Road Hog

I got a road hog on my mind
Move over, baby, look out I'm comin' through
You're on the side of the road, I got a load on my mind
And I'm bringin' it home to you

Got a road hog on my mind
Got a Cadillac V-8 motovin' down the line
Don't wave your pretty fist at me, I'm on the Freeway
Baby I'm losin' time

Well, You know about a road hog
I guess I'm one
And this road I'm a hoggin'
Is the one you're standin' on

I got a road hog on my mind
I got a 4-barrel carburetor, 2-barrel shotgun
And one good barrel of wine
