

# Joe Ely, You Make It Look Easy

Shattered and scattered to the four wild winds  
My angels and my devils and a few of my friends  
You got em all to dancin on the head of a pin  
You make it look easy  
You make it look easy  
You were starring in a drama I was starring in a dream  
We met out in the alley or so it seems  
I wish I knew the difference  
between a scam and a scheme  
You make it look easy  
We stumbled into something it was over our heads  
We came crawlin back when they left us for dead  
You should of seen the look  
On your face when I said  
You make it look easy  
You make it look easy  
Hell bent for leather spinnin out of control  
Into a whirlin, world with no soul  
Im feelin kinda dizzy but youre still on a roll  
You make it look easy  
You make it look easy  
I stumbled into something it was over my head  
I came crawlin back when they left me for dead  
You should of seen the look  
On her face when I said  
You make it look easy  
You make it look easy  
You make it look eeeeeeeeasy  
You make it look easy  
You can step to the stage in your high stylin hat  
But the spot light follows that old alley cat  
How do you hold your head up  
After something like that  
You make it look easy  
You make it look easy  
You make it look easy  
You make it look easy
