[Verse 1:]

Sunshine, From the first time that we met helpless, You took  
my heart I must confess Deep in your eyes,  
There  
seemed to be a look that said Hello, is it me you're  
searching for  
Suddenly my sunshine turn to rain I dunno if it'll ever come back again That's  
what you are sunshine and rain You didn't say you had  
a man That never belonged within your plans And it  
hurts so bad Someone tell me...

[Chorus:]

Why are all the good girls, taken everytime And why do I keep  
falling for Someone else's dime Everytime I says  
Hello Then they say Goodbye So why are all you good  
girls Taken everytime....Taken everytime...

[Verse 2:]

Dancing, With your body close to mine (Then you kiss my lips girl) Girl I thought it was a  
sign I want you forever But good intentions never

are sunshine and rain You didn't say you had a man That never belonged within your plans And it h
