

Joe Louis Walker, Mama Didnt Raise No Fool

If I was a fool, it would sure be easy
I could fall, oh baby, for your wicked smile
Buy you a drink, whisper some lie, oh no
And we could go somewhere quiet, for a little while

But my mama she didn't raise no fool
She said, you be careful what you do
Don't let no-one take advantage of you
But my mama she didn't raise no fool
No fool

If I was a fool, I'd forget those promises I already have made
Wipe my woman from my mind, so we could play, oh baby
If I was a fool, I'd follow you home
I would hug you, kiss you and squeeze you, all night long

But no...
My mama she didn't raise no fool
She said, you be careful what you do
Don't let no-one take advantage of you
Cause my ma she didn't raise no fool
