

Joe Meek, Magic Star

"Telstar
Telstar
Listen to me..."

Magic star above
Send a message to my love
Tell her that I'll await patiently
Silence so lonely
Dreaming of her only
Swift and graceful as a dove way up above

Magic star up high dancing through the sky
Please tell her that my heart cries for you
Please say that one day
I'll hear her voice say
That I'm her one and only boy
Oooh...

As the stars light up the sky
And I kneel and pray
Guide the footsteps
Safe and sound
Back home again to stay

Magic star above
Send a message to my love
Tell her that I'll wait patiently
Silence so lonely
Dreaming of her only
Swift and graceful as a dove
Aaaaah...
