

Joe Nichols, I Hate The Way I Love You

You got me walking up on air and i'm afraid of heights
You fill my days with thoughts of you
Then rob my sleep at night
I've seen another side of me when you come into view
I hate the way i love you but i do
I hate the way i miss you every time your not around
And the way you've got me thingking it's time to settle down
I've tried to fight the feeling but this time there's no use
I hate the way i love you but i do
I always used to pride myself i never lost control
When i felt i was in too deep i'd pack my heart and go
Now i fall all in pieces at the thought of losing you
I hate the way i love you but i do
