

# Joe Nichols, The Shade

I dont need a fast car. Dont need a 4 lane highway  
Theres not another place id rather be.  
Cause out here in the country bluebirds sing for nothin.  
And the shade comes free with a tree.  
Yea the shade comes free with a tree.  
The tree came with a mountain right beside the river  
where the ground makes one heck of a seat.  
The mountain counts for something.  
The veiw is worth a fortune.  
And the shade comes free with a tree.

## Chorus

i never had a dollar that cound bye me what im felling.  
And im felling bought as good as i can be  
i need to be reminded when im looking for a bargain,  
not to overlook whats right in front of me.

Ill nver make a killin tryen make a livin.  
but i make enough to raise a family  
and i bought a piece of heaven of county road eleven  
where the shade comes free with a tree.  
yea where the shade comes free with a tree.

## Repeat Chorus

I dont need a fast car. Dont need a 4 lane hihg way.  
Theres not another place id rather be.  
Down country road eleven theres this little peice of heaven.  
Where the shade comes free with a tree.  
Where the shade comes free with a tree.  
yea where the shade comes free with a tree.
